

Barrel Chambering Info/Worksheet

Precision Rifle Concepts (the consumer gunsmithing division of Ultimate Reloader, LLC) is pleased to offer extreme precision barrel chambering services. Please complete this worksheet with the help of PRC staff prior to sending in or dropping off your rifle for these services.

Checklist

1. Verify with Precision Rifle Concepts that we are ready to receive your rifle: (your position in the queue has come up). For inquiries on queue position: sales@ultimatereloader.com
2. Please refer to the rifle shipping instructions sheet and follow guidelines/notes.
3. Print out and complete all fields in this form, sign this form, and include a full copy with your shipment.

Pricing Schedule (check boxes as appropriate)

X	\$550.00	Ultra-precision chambering from blank, includes tenon machining work and cutting to length, fit to action, laser engraving, and removing/reinstalling barreled action where necessary. *Customer supplied barrel blank
	\$120.00	Add: Muzzle Threading and cutting crown (See Sporter Barrel Threading for barrels with less than 0.200" shoulder allowance, inquire separately)
	\$80.00	Add: Target crown (non-threaded muzzle)
	\$30.00	Add: Remove and reinstall scope (including precision level)
	[included]	Add: Polish barrel (for pre-finished barrels)
	\$30.00	Add: Smooth and polish barrel (for rough turned barrels)
		Other: Special order, sporter threading, etc as arranged
Total:		Sum of all checked boxes

Rifle Specifics (please fill in all fields for your rifle and barrel blank)

Rifle action Make and Model	
Action Length (Long or Short)	
Boltface Spec (Examples: 308 Win, 223 Rem)	
Barrel Blank Make	
Barrel Blank Shank Diameter	
Desired Finished Length	
Muzzle Diameter at finished length (inches)	
Cartridge Specification (Ex: SAAMI 308 Win)	

Notes and Terms:

- Must include either threaded muzzle or target crown
- Customer-supplied barrel blank
- Inquire about custom freebore and/or neck area reaming
- Tax will be added as appropriate with Federal and State laws, return shipping will be added as well
- We can use in-house reamers (please ask associate for more details) or use SAAMI spec reamers from a rental service (included in price, but can cause additional wait time)
- Customer is responsible for shipping both ways (with insurance), we will charge you for return shipping as a part of your invoice. Rifles will not be shipped until services + shipping are paid for. If directions in this document were not followed (we can't chamber and/or thread muzzle, etc), the customer is still responsible for shipping both ways.
- Precision Rifle Concepts is not responsible for customer measurements that are in error.
